WE TARGET THE CITY TOURISM INDUSTRY FIRST, BEFORE WE CONQUER THE SMART CITY SECTOR

Clients: Tourism Boards, City Governments, Tourism Consulting, Hotels, Tour Operators **Clients**: Public Transport, Urban Mobility, Urban Planning, Education, Research, Retail JULIA, MARKETING MANAGER IN HER CITY'S DMO, STRUGGLES WITH ANALYSING DATA TODAY Julia studied Marketing & Communication, before starting her first job in her city's DMO*

Like **85%** of cities in Europe, Julia's city has **no** urban data platform

She gets **data** from different sources, but lacks excel & data skills to combine existing data

USE CASE

Julia makes **decisions** based on high level data review & gut feeling

*DMO = Destination Marketing Organisation

USE CASE WITH OUR DATA PLATFORM, JULIA GETS INTO THE DRIVER SEAT OF DATA ANALYSIS - WITHOUT TRAINING

With Urban Monkeys, Julia **uploads** & **visualises** data in **seconds** By "chatting with her data", she understands non-obvious insights & connections between data sources

Julia gets more **confident** in making decisions: how to **optimize** her city's tourist offering & which projects to **finance**

EXISTING SOLUTIONS ARE NOT YET COMBINING EASY USE AND DATA SHARING FOR NON-TECHNICAL USERS

Easy tool setup **AI based** analytics **Internat.** Data **Space Connector** Data **Monetization**
